

PLASTIC COLUMN FORMS

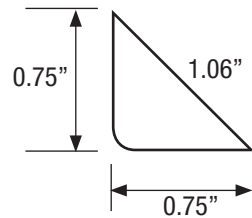

Precast Column Forms are used for forming round columns and are commonly used for making precast light pole bases. These light weight forms can be assembled by one person and are easy to strip. Stackable and reusable, plastic column forms are cost effective, waterproof, u.v. resistant and will not rust. Additional sizes are available. Also available in steel.

Part Number	Diameter	Height
DIPCF1296	12"	96"
DIPCF1696	16"	96"
DIPCF1896	18"	96"
DIPCF2096	20"	96"
DIPCF2496	24"	96"
DIPCF3048	30"	48"

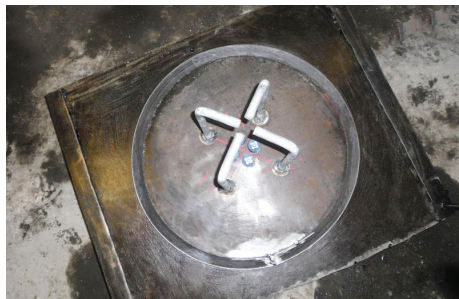

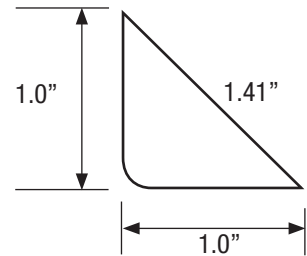

ROLLED CHAMFER

3/4" CHAMFER

1" CHAMFER

Part Number	Chamfer Height	Chamfer Diameter
